Speaking Topics

The Power of Words

Words are one of the most powerful tools we possess. Which means that every word we speak matters. This talk walks the listener through the process of how words and thoughts enter our lives and the how they shape our perspectives. This thought provoking, interactive, message, challenges the way we engage with ourselves and the world, and illuminates through God's word how to take our words and thoughts captive to the power of Christ so that we might be the Encouraging Hope the world needs to see and experience.

Stones of Remembrance

Bragging on God through the gift of storytelling, Jerri takes her audience on a hilarious, thought provoking, and powerful journey of hope and inspiration, as she shares her testimony, filled with stories and trials from her life and Gods amazing love, grace and provision. Jerri's faith walking story is truly an inspiration for any audience.

Perspective and the Influence it has Within

We live in a world today that's filled with people that wrestle with what God thinks of them. This can be especially true, when "we blow it again". Daily we encounter continual people, events, actions, words, and experiences that shape our perspectives and the way we view the world, but more importantly how we view God. The good news is that God knew we would have trouble with this, so throughout His word He told us over and over again exactly what He thought about us. This message defines what it means to walk in confidence of Gods love and acceptance and how to reshape our perspectives.

Leadership in a Changing World

The world does not need just another leader, they need men and women who will give their best everyday and be a passionate catalyst for a better tomorrow. Jerri inspires her audience to lead the world not by their titles and positions, but rather, from a place deeper within themselves, that defines who they are as individuals, leaders, employees and citizens.

TESTIMONIAL

"Jerri's deep faith and authenticity, accompanied by her unique sense of humor and life experiences, bring a fresh passion to the world of Christian Speaking. In society where so many are driven by unrealistic expectations and bias, Jerri seeks to let others know of their valuable worth and identity in Christ alone. Her own life experiences support her testimony of God's love, acceptance, and faithfulness, which she graciously and generously shares with others on a daily basis." Bev Allen, Women's Ministry Director, High View Baptist Church.
